LILAC Satin

Surface color is to be a uniform, medium dove gray, with delicate pink tint on the surface running deep towards the skin to a slightly lighter dove gray. Color is to be uniform over the entire body. Toenails are to show pigmentation. Eyes-Blue-gray (may show ruby cast)

Faults--Showing a decided blue cast.

Disqualifications from Competition – Conspicuously showing white or silver guard hairs or ticking.

Note: The presence of sheen may create a slightly more intense shade of Lilac than in normal coated breeds.
