American Satin Rabbit Breeders Association  
President: Dereck Tuntland, derecktuntland@yahoo.com  
Secretary: Sherry Garrett, asrba.secretary@gmail.com

Dear Club President and Secretary,

Per the rules outlined on page 22 of the 2021-2025 Standard of Perfection, I am informing you that Bob Bemis has been granted a Certificate of Development for the Smoke Pearl Mini Satin. Please find attached a copy of the COD and the Working Standard. He is required to exhibit a minimum of eight animals within one year of the date on the COD so that the proposed variety can be reviewed by the ASRBA members.

Following this exhibition, the ASRBA must schedule a vote to accept or reject the variety. The votes must be completed and counted within 18 months of the date on this COD. Results must be forwarded to me within 14 days of counting the ballots. The ASRBA should work with the breeder(s) to ensure that this information is provided to the membership.

Should the above mentioned exhibitor(s) fail to display within one year of the date on the COD, the COD will be terminated and the exhibitor(s) would not be able to make another application for a two year period.

Please let me know if you have any questions.

Briony Smith
